NIST SAMATE Project

"This project supports the DHS Software Assurance Tools and R&D Requirements Identification Program. The objective of part 3, Technology (Tools and Requirements) is the identification, enhancement and development of software assurance tools. NIST is leading in (a) testing software evaluation tools, (b) measuring the effectiveness of tools, and (c) identifying gaps in tools and methods."

(From the NIST Software Assurance Metrics And Tool Evaluation (SAMATE) project home page.)
